## Group Backs Realignment

The Carson Civic Betterment Association has gone on record as favoring the straightening of Carson Street at Torrance High School.

In a letter to the Torrance Chamber of Commerce, Secretary J. Rome Gately said that Carson Civic Betterment Association feels that the present traffic pattern around the small park is hazardous.

Gately also informed the Chamber that his group has petitioned the Los Angeles County Road Department to take immediate action to widen Carson Street to four-lanes from Normandie to Avalon. He said people in his area like to shop in Torrance and can do so much easier if Carson is widened from the present two-lane condition.

## LIFE STUDY LAUNCHED

More than 5000 Los Angeles County volunteers will take part in the nation-wide Life History Research Study recently launched this fall by the American Cancer Society, which hopes to find common denominators among families and individuals where cancer strikes. Thirty-two thousand local families will be studied for six years.

## VOLUNTEERS USED

Volunteers taking part in the Life History Research Study of the American Cancer Society may someday have the satisfaction of saying, "I helped unlock the secret of cancer." The survey will embrace 500,000 families, or more than one million individuals.

## A VITAL MESSAGE FOR OUR STEELWORKERS

**"If the last offer is accepted, I get two wage increases"**

Soon you may vote on United States Steel's last offer. Be sure you read the Company's offer thoroughly. It is most important to you. Here are the facts about wages:

The proposal offers an increase from 6¢ to 12¢ an hour, depending on job classification, starting October 1, 1960 and another increase of the same amount starting October 1, 1961. In other words, within two years wage rates would increase from 12¢ to 24¢ per hour depending on job classification.

Read all the facts about the proposal. Talk it over at home. Remember, your family counts on you. Make your vote count for them.

The Company is not trying to "break the Union." The proposed contract will enable the Company to conduct its business in an orderly and efficient manner, which will be good for everyone concerned. Naturally, when it can do that, everyone benefits.

### Important Contract Proposals

1. Wages . . . 6¢ to 12¢ an hour increase October 1, 1960 and another increase of same size October 1, 1961.
2. Cost-of-living . . . the 17¢ cost-of-living adjustment is continued. It can be increased but not reduced.
3. Local Working Conditions . . . no immediate change. Union and Company will both study and try to agree on necessary changes. If no agreement, arbitration.
4. Insurance . . . Company will pay all costs of basic life insurance and sickness and accident benefits—plus more coverage for both.
5. Pensions . . . bigger pension checks—better early retirement opportunities.
6. Stronger Seniority Rights for long-service employees.
